Grant Request: \$6,000

Deadline: Spring (July 11, 2025)

Deadline: Fall (November 14, 2025)

About the Project Lifesaver International Grant

The Project Lifesaver International Grant program, exclusive to AFA's Project Lifesaver International members in good standing, helps fund wandering prevention programs and other public safety initiatives designed to protect individuals living with dementia-related illnesses such as Alzheimer's disease. All public safety agencies that are members of AFA and Project Lifesaver International (PLI) are welcome to apply for grant funding. The amount to be requested is \$6,000. This grant is offered in the spring and the fall of each year. Organizations that have been awarded an AFA grant in the previous cycle must wait one calendar year before applying again for that particular grant.

What is AFA looking for in a PLI Grant proposal?

This grant is open to a variety of programming ideas that support in the recovery and safe return of an older adult living with Alzheimer's disease or another related dementia. AFA seeks proposals that exhibit high scores within the following criteria:

- Clear and effective descriptions. Proposals must clearly and effectively explain the program to be funded and its objectives. Pay attention to grammar, spelling, etc. Please be as detailed as possible.
- **High community demand.** Proposals need to clearly exhibit a high level of need for this program or service in the community, and show that it will serve a significant number of clients and achieve other outcomes.
- Best practice. Proposals should show how this program or service is a best practice that deserves to be expanded for people with Alzheimer's disease and related dementias, and/or their caregivers.
- Program Sustainability. Proposals should address agency plans on how the program will be sustained after funding cycle ends.

Who reviews the PLI Grant proposals?

Grant proposals are reviewed by AFA staff.

How is scoring determined?

Each of the criteria above will be scored on a scale of 1-5, 1 being the lowest possible score and 5 being the highest possible score. Since there are 5 criteria, proposals can receive a maximum total score of 25 from each grant reviewer. Final scores are determined by averaging each grant reviewers' total score.
